

# CARLYLE DINING AND BAR TABLES

In a nod to outdoor life well-lived on Miami Beach, our Carlyle collection celebrates graceful curves, streamlined connection points, and sleek planes. Its statuesque form flows like the breeze, from dining patio to pool side. The functional stacking frame, variety of generous seating options and well-proportioned pedestal tables make Carlyle an instant standard for outdoor hospitality.

**CONSTRUCTION**

**Frame:** Constructed from high quality, pure aluminum alloy, frames are coated in our Marine Primer and finished in an architectural-grade powder coat, creating a rich, dimensional color.

**Marine Primer:** A proprietary spray epoxy basecoat seals out oxygen and prevents corrosion.

**Corian:** Defined by superior durability and low maintenance, Corian is a solid, non-porous surface with outstanding UV performance. This impermeable tabletop prevents the growth of mold and mildew while its integral color promotes high abrasion resistance and easy cleaning.

**Pietra:** Marrying the look of Italian marble with the endurance of dense, engineered stone, Pietra boasts exceptional UV and scratch resistance, low porosity, and superior colorfastness.

**Aluminum:** Sourced from high quality, pure aluminum alloy, aluminum tops are protected by our Marine Primer and finished with an architectural-grade powder coat. Available in solid and perforated patterns.

**Tempered Glass:** Our tempered glass is four times stronger than traditional glass and can withstand drastic changes in temperature as well as prolonged exposure to direct sunlight.

**Ecowood:** Produced from a high-density polymer using recycled materials and sustainable manufacturing methods, Ecowood provides warmth and texture through its wood grain aesthetic. Engineered for diverse weather conditions, Ecowood will not corrode, splinter, or rot, and requires no sealing or painting.

**Umbrella Tables:** Tables include a 1.5" umbrella hole with an aluminum grommet and cap powder coated to match the table frame.
