

Designed by Richard Frinier

MARINA LOUNGE CHAIRS

Inspired by the art deco hotels along Collins Avenue and the coastal resort culture of Miami Beach, Marina offers a contemporized interpretation of a classic tubular aluminum frame with handwoven, webbed seats and backs. Refined with optional cushions and arm caps in colorful yacht cord or a wood-grain finish, the Marina Collection transports you to a simpler time.

Lounge Chair

CONSTRUCTION

Frame: Constructed from high quality, pure aluminum alloy, frames are coated in our Marine Primer and finished in an architectural-grade powder coat, creating a rich, dimensional color.

Marine Primer: A proprietary spray epoxy basecoat seals out oxygen and prevents corrosion.

FlexStrap: Engineered for durability and comfort using reinforced Sunbrella yarns in a rich, woven design, FlexStrap provides the seat and back structure for the Marina collection. It is stain, mold, UV and weather resistant.

Dekor Cap: A proprietary and patented decorative design detail made of aluminum with a wood-grain texture, Dekor offers the warmth of wood with little maintenance.

Yacht Cord: A weather-resistant braided cord that lends visual interest and a comfortable arm rest to our Marina collection. The cord is made of Sunbrella performance yards twisted and braided in a 5mm diameter birdseye pattern.

Contract-Grade Removable Cushions: Comprised of long-wearing, high resilience foam, cushions are plush, supportive, and breathable with enhanced protection from a water and bacteria-resistant fabric liner. The price

list includes a graded-in selection of contract quality, high-performance outdoor fabrics. For customer's own material (COM), please contact customer service for details

FlexStrap

Armrests

Fabric

SPECIFICATION

Specify powder coat paint color, FlexStrap fabric, armrest option, and cushion fabric.

ACCESSORIES

Tailored Protective Covers:

Recommended for the protection of your investment, our covers are constructed from a high-quality, waterproof fabric that is stain and UV resistant while also inhibiting the growth of mold and mildew. Available in taupe or grey, covers are sized to each product and snugly secure to frames with adjustable Velcro straps.
