## CONSTRUCTION

**Frame:** Constructed from high quality, pure aluminum alloy, frames are coated in our Marine Primer and finished in an architectural-grade powder coat, creating a rich, dimensional color.

**Marine Primer:** A proprietary spray epoxy basecoat seals out oxygen and prevents corrosion.

**Standard Slings:** Woven from high quality PVC yarns, our mesh slings are comfortable, resilient, and low maintenance. Providing superior performance in colorfastness, tensile strength, and abrasion resistance, slings also feature a built-in antimicrobial ingredient allowing them to stay cool, dry quickly, and resist mold.

**Comfort Cushion Slings:** Combining the added softness of a cushion with the low maintenance of a mesh sling, our Comfort Cushion sling can be easily removed and replaced by the customer.

**Contract-Grade Removable Cushions:** Comprised of long-wearing, high resilience foam, cushions are plush, supportive, and breathable with enhanced protection from a water and bacteria-resistant fabric liner. Cushions are fastened to frames with marine grade snaps, keeping them neatly in place. The price list includes a graded-in selection of contract quality, high-performance outdoor fabrics. For customer's own material (COM), please contact customer service for details.
