BLEAU DINING ARM CHAIR

An ode to the storied Fontainebleau resort in Miami, Bleau provides the foundation for timeless outdoor spaces. Airy slings or warm Ecowood slats are captured in clean-lined aluminum frames, setting the scene for open-air dining and poolside lounging. Comprehensive and versatile, Bleau solves for any outdoor environment, from residential to commercial.

Dining Arm Chair, Ecowood

EWB 9130

Depth	23.5 in	60 cm
Width	22 in	56 cm
Height	32 in	81 cm
Seat Height	18 in	46 cm
Arm Height	25.5 in	65 cm
Weight	19 lb	9 kg

CONSTRUCTION

Frame: Constructed from high quality, pure aluminum alloy, frames are coated in our Marine Primer and finished in an architectural-grade powder coat, creating a rich, dimensional color.

Marine Primer: A proprietary spray epoxy basecoat seals out oxygen and prevents corrosion.

Standard Slings: Woven from high quality PVC yarns, our mesh slings are comfortable, resilient, and low maintenance. Providing superior performance in colorfastness, tensile strength, and abrasion resistance, slings also feature a built-in antimicrobial ingredient allowing them to stay cool, dry quickly, and resist mold.

Comfort Cushion Slings: Combining the added softness of a cushion with the low maintenance of a mesh sling, our Comfort Cushion sling can be easily removed and replaced by the customer.

Ecowood: Produced from a high-density polymer using recycled materials and sustainable manufacturing methods, Ecowood provides warmth and texture through its wood grain aesthetic. Engineered for diverse weather conditions, Ecowood will not corrode, splinter, or rot, and requires no sealing or painting.

Stacking: Dining and side chairs stack up to 6 high.
