# SAVORING AL FRESCO

---

The Verdena Collection channels the fresh-air vitality of a Catalan summer, where golden seaside days drift into lively evenings shaped by cliffside dining and the sounds of sultry guitar. Grounded in effortless leisure, Verdena blends ultra-refined design and materiality to distill outdoor seating to its purest form.

Designed by the Barcelona-based firm Estudi Manel Molina, Verdena presents a harmonious fusion of minimalist elegance and thoughtful functionality reflective of Spanish Rationalist architecture.

Above: Verdena Lounge Chairs in Matte Black and Seagrass with Mesquite slings. Right: Verdena Counter Stool in Cosmos with Titanium slings. On the cover: Verdena Dining Chairs in Matte White with White slings.

## Artistic Precision with Signature Style

At the core of the Verdena Collection is its pure aluminum frame—engineered to provide maximum structural durability—making this seating collection ideal for both hospitality and residential applications. The designer’s artistic precision is celebrated in the rectilinear structure of the frame that forms one continuous line from back rail to legs. Subtle curves define the simple, yet impactful gesture of the chair while a highly resilient vinyl mesh provides a layer of lightweight texture and breathable comfort.

Available in dining, lounge, bar and counter heights, Verdena chairs and stools can be specified in a wide spectrum of marine-grade powder coats. Create a personalized aesthetic by pairing earthy neutrals and deep oceanic tones with over twenty sling colorways—or add a layer of plushness with Verdena’s removable cushion.

Clockwise from top left: Verdena Dining Arm Chairs and Barstools in Sand with Latte slings; Verdena Lounge Chair in Seagrass with removable cushion in Sunbrella Heritage Smoke; Verdena Dining Arm Chairs in Night Fog with Sandstone sling.

### Designer

## MANEL MOLINA

Founded in 2016 by Manel Molina in collaboration with Raimon Monsarro, Daniel Castro, and Blanca Roige, Estudi Manel Molina is a highly accredited product design and consulting firm based in Barcelona. A fixture on the Spanish design scene for over three decades, Molina has cultivated a distinguished portfolio spanning industrial design and art direction. His interior design background and expert knowledge of materials allows the studio to craft thoughtful solutions across diverse product categories. Estudi Manel Molina has collaborated with leading international design brands including Andreu World, Studio TK, and Enea.
